IN THE SPECIFICATION:

Please amend the specification as follows:

On page 12, at lines 2-4, please amend the specification as follows:

For example, with respect to a particular test case class such as ChangeMgrTC 9~~10~~05(6), initialization includes creation of the Changelist in ChangeMgrTC 905(6).

Also on page 12, at line 24, please amend the specification as follows:

As shown in FIG. 11[[9]], ARSTestSuite class 1105(1) is the base of all framework testcase classes, which defines basic operations that are allowed by the application framework.
